

include/core/children  
\_state\_collection.hpp

```
graph TD; A["include/core/children_state_collection.hpp"] --> B["unordered_map"]; A --> C["vector"];
```

The diagram illustrates the dependencies of the file `include/core/children_state_collection.hpp`. Two blue arrows originate from the bottom of the top box and point to the boxes labeled `unordered_map` and `vector`, indicating that the top file includes these two standard library components.

`unordered_map`

`vector`
