

cydwi::window::create

```
graph LR; A[cydwi::window::create] --> B[cydwi::events::start]; B --> C[event_task];
```

A flowchart illustrating a sequence of three steps. The first step, 'cydwi::window::create', is in a white box. A blue arrow points to the second step, 'cydwi::events::start', which is also in a white box. Another blue arrow points from the second step to the third step, 'event_task', which is in a gray box.

cydwi::events::start

event_task
