

vg::line::line

```
graph LR; A[vg::line::line] --> B[vg::attr_stroke_width  
::stroke_width];
```

The diagram illustrates a function call. On the left, a white box with a black border contains the text 'vg::line::line'. A blue arrow points from this box to a gray box on the right. The gray box contains the text 'vg::attr_stroke_width' on the top line and '::stroke_width' on the bottom line.

vg::attr_stroke_width
::stroke_width
