

cydui::components::
Component::create_for

cydui::components::
Component::create_group

cydui::components::
Component::new_group

```
graph LR; A["cydui::components::  
Component::create_for"] --> C["cydui::components::  
Component::new_group"]; B["cydui::components::  
Component::create_group"] --> C;
```

The diagram illustrates a mapping or inheritance relationship. On the left, two white rectangular boxes with black borders contain the text 'cydui::components::Component::create_for' (top) and 'cydui::components::Component::create_group' (bottom). On the right, a gray rectangular box with a black border contains the text 'cydui::components::Component::new_group'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'create_for' and 'create_group' are associated with or mapped to 'new_group'.
