

```
cydui::layout::Layout  
::recompute_dimensions
```

```
graph LR; A[cydui::layout::Layout::recompute_dimensions] --> B[compute_dimensions]; B --> B;
```

The diagram illustrates a sequence of operations. On the left, a white rectangular box with a black border contains the text `cydui::layout::Layout::recompute_dimensions`. A straight blue arrow points from the right side of this box to a gray rectangular box on the right. This gray box contains the text `compute_dimensions`. A curved blue arrow originates from the top right corner of the gray box and loops back to point at its top left corner, indicating a self-loop or recursive call.
